BETHANY LINZ

Tropicana Decorative Textile Wallpaper

A contemporary twist on 18th-century French tropical prints, Tropicana Decorative Textile Wallpaper draws from a time when exotic birds and foliage captivated artists and aristocrats alike. Bethany Linz reimagines this historic motif with fan palms, ferns, and crested parrots, all painted in pure white for an elegant, monochromatic look. Paired with a gently textured base, this wallpaper introduces soft movement and refined pattern into both classic and modern interiors.

SUSTAINABILITY

- **Cellulose-Based Construction:** This wallcovering is made with a cellulose fiber substrate (40–70%), a renewable and plant-derived material that supports more sustainable sourcing practices compared to purely synthetic alternatives.
- **Low VOC Composition:** The product includes acrylic latex and processing agents, and it meets flame resistance standards including ASTM E 84 Class A. While not specifically labeled as low-VOC, acrylic-saturated papers are typically compatible with low-emission adhesives and coatings, supporting better indoor air quality when installed with water-based systems.
- **No PVC Content:** This wallpaper does not list any use of polyvinyl chloride (PVC), a material commonly found in traditional vinyl wallcoverings. The absence of PVC helps reduce reliance on harmful synthetic materials and lowers environmental toxicity during manufacturing and disposal.
- **Lightweight and Durable:** At 166 g/m², this wallcovering offers a balance between durability and efficient use of raw materials. Its composition allows it to meet demanding flame, chemical, and lightfastness standards, extending product lifespan and reducing the need for frequent replacements.
- **Cleanability and Maintenance:** Designed to be washable with a soft sponge or vacuum, it minimizes the need for harsh cleaning chemicals that can harm indoor air quality and the environment.

BATCHING & DELIVERY

- **Note:** Samples of this wallcovering are provided for review of the material, pattern scale and print technique – they are not intended to be used for color matching purposes. There can be slight shifts in color between runs, so your wallcovering may vary slightly from sample colouring.
- Please ensure that you order the correct amount as we do not guarantee that rolls printed in different batches will be an exact match. Industry leading production times on all orders.
